Slovenian-Dutch Forum »GREEN DEAL, ORANGE STYLE!«

AN INVITATION

Challenging times indeed! At (hopefully) the end of the pandemic period we are facing a war in Europe, the future as uncertain as ever.

At the same time Europe is implementing the European Green Deal, a major operation never seen before. An attitude change, one that should enable us to save the Earth while being economically successful.

With each member state trying to find the best way to achieve these goals, the Netherlands is a clear front-runner again, with Slovenia planning to swiftly become one as well.

We are happy to announce that SDBP succeeded in connecting the two again, now in the most effective way, by supporting them with a strong connecting and matching mechanism.

It is our pleasure to invite you to our large-scale event GREEN DEAL, ORANGE STYLE in cooperation with Netherlands Embassy in Ljubljana and the Netherlands Enterprise Agency (Rijksdienst voor Ondernemend Nederland - RVO), **happening on Wednesday, 30.3.2022, between 11:00 - 15:00 (CET)**, in the usual hybrid form on the SDBP platform.

Topics will include four distinct yet equally important sections around Smart Cities and Villages, namely:

1. Food and Biomass
2. Circular Construction Economy and Climate-smart building environment
3. Sustainable economy, Eco-Innovation and new technologies
4. Next generation Europe - Financing the Green Transition

However! This is not a lecture, it is a fully interactive networking event.

Organized in partnership with the Dutch RVO and endorsed by both Embassies, the event shall feature prominent speakers from all mentioned sections including academia, industry, youth organizations and policy makers, with the final aim being networking between stakeholders in the virtual environment. Including 12

specific virtual networking rooms divided by specific thematics, accessible even before the event starts, you will have the opportunity to connect and push our collective European values forward and create a better tomorrow. The full agenda is located in the appendix of this email and on our [event website](#).
