Boosting digital transformation of healthcare across regions.

- **Enabling Co-created, Demand-driven Technological Solutions in Healthcare.**
- **Establishing Participatory Healthcare Ecosystems.**
- **Engaging all Stakeholders.**
- **Developing Sustainable Community of Practice within EU.**

ENGAGE!
OPEN CALLS FOR STAKEHOLDERS

HEALTH**CHAIN**

CONNECTING 200+

Creating a win-win healthcare environment relies on a strong value chain established within systems and key stakeholders.

A co-creative and interregional healthcare ecosystem.
Our chain model is necessarily interdependent.
Health organizations, internal personnel and external users of health care services, SMEs/IT companies, regional ecosystem supporters, health care business supporters in local and across border regions.

OUR 5 ECOSYSTEM REGIONS

• Murcia, Spain
• Centro, Portugal
• Western Slovenian, Primorsko–Goranska
• Croatia
• East Netherlands

FACILITATING ENTRY INTO THE HEALTHCARE ECOSYSTEM

Why?
• Rationalizing time and financial investments
• Participatory based innovations
• Tendering process
• Connecting regional and European stakeholders
• Boosting the competitiveness of IT companies.
• Promoting the digital transformation of healthcare organisations.

BECOME A PART OF HEALTHCHAIN MIRROR REGION

New text suggestion: We will select 20+ EU Mirror Regions for group and individual training, who will consequently integrate a sustainable know-how in their regions.
A Community of Practice will be set up to promote the HealthChain model, create wide EU impact, and sustainability so Mirror Regions can learn and replicate this approach.
Identify, solve, integrate!
