

SYNERGIES IN ACTION:

ADVANCING HEALTH INNOVATION THROUGH I3 COLLABORATION

Join us for a joint dissemination event where three I3-funded projects — InShape, DIGIT-PRE, and HealthChain — come together to share lessons, results, and policy insights on building a healthier, more resilient Europe.

As we shift from healthcare to care for health, this event will explore how these projects have served as vessels for regional transformation — supporting SMEs, leveraging Smart Specialisation Strategies (S3), and fostering interregional collaboration.

DIGIT-PRE

HEALTHCHAIN

September 23 | 14.00 - 17.00
Region Skåne Office, Rue du
Luxembourg 3, 1000 Bruxelles.

AGENDA HIGHLIGHTS

14:00 – 15:15 | Operational Focus

Project spotlights and panel discussion on shared results, implementation strategies, and impact on the ground.

15:15 – 15:45 | Networking Break

15:45 – 17:00 | Strategic Focus

Joint policy messages and forward-looking discussion on TSSPs, a potential CSA, and the path toward a healthier, innovation-driven Europe.

You can expect **project highlights** with concrete results and implementation insights; **panel and policy discussions** on successes, needs, and next steps; a **forward-looking dialogue** on projects and partnerships as vehicles for future impact and of course - **great networking!**

Who Should Attend?

I3 Project Officers (EISMEA / EC), Representatives from DG REGIO, DG RTD, DG SANTE, I3 project coordinators and partners, Regional authorities, innovation agencies, and SMEs, Members of Thematic Smart Specialisation Partnerships (TSSPs),
